Notes to Pro Forma Condensed Consolidated Financial Statements

1. Basis of Presentation

The following unaudited pro forma condensed consolidated financial statements present financial information for AMD giving effect to the sale of CPD, which was consummated on August 4, 2000 effective as of July 31, 2000. The unaudited pro forma condensed consolidated balance sheet as of July 2, 2000 is presented as if the sale transaction had occurred as of that date. The unaudited pro forma condensed consolidated statements of operations for the six months ended July 2, 2000 and for the fiscal year ended December 26, 1999 are presented as if the sale transaction had occurred at the beginning of the earliest period presented.

2. Unaudited Pro Forma Consolidated Financial Adjustments

- [A] Reflects the sale of 90 percent of CPD, the part of the Communications Group that produced telecommunication products, to Francisco Partners, L.P., a private equity investment firm, for total cash proceeds of \$375 million. Included in pro forma retained earnings at July 2, 2000 is the resulting estimated gain to be recognized on the sale, net of other expenses of the sale transactions and compensation expense recorded in connection with options to purchase AMD stock previously issued to CPD employees and applicable income taxes, as if the sale transaction had occurred on July 2, 2000. The estimated after-tax gain of approximately \$211 million will be recorded in the third quarter of the fiscal year ending December 31, 2000. The actual after-tax gain will be determined based on the amount by which the proceeds received from the sale exceed the sum of the actual carrying value of CPD net assets as of July 31, 2000 and direct costs associated with the sale. Pursuant to Article 11 of Regulation S-X, the estimated gain to be recognized on the disposition transaction has been excluded from the pro forma condensed consolidated statement of operations for the six months ended July 2, 2000 and the fiscal year ended December 26, 1999 due to its non-recurring nature.
- [B] Subsequent to the CPD sale, AMD will continue to provide wafer fabrication, administrative and assembly, test, mark and pack services to CPD pursuant to service agreements. The wafer fabrication and assembly, test, mark and pack service agreements will continue to December 31, 2004, and the administrative service agreements will expire on the 12-month anniversary of the closing date. The pro forma adjustments to the condensed consolidated statements of operation for the six months ended July 2, 2000 and the fiscal year ended December 26, 1999 reflect the sales and related expenses to CPD that were eliminated in the historical information.

[C] The pro forma adjustment to income taxes in the condensed consolidated balance sheet as of July 2, 2000 reflects an effective tax rate of 37% on the sale. The pro-forma adjustment to income tax expense on the 1999 statement of operations reflects the adjustment to the deferred tax asset valuation allowance.
